

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Agriculture (USDA)							
Watershed and Flood Prevention Operations Program	Natural Resources Conservation Service	Loans for the purchase and restoration of floodplain easements and for investment in structural and non-structural watershed infrastructure improvements.	\$290 million	100%	Competitive loans	Sponsoring local organizations of authorized watershed projects	Priority to shovel-ready projects, projects that most cost-effectively provide greatest public benefits.
Watershed Rehabilitation Program	Natural Resources Conservation Service	Funds for the rehabilitation of aging flood control infrastructure.	\$50 million	100%	Loans	Sponsoring local organizations of authorized watershed projects	Priority to shovel-ready projects, projects at greatest risk of failure, presents threats to public safety.
Rural Water & Waste Disposal Program Account	Rural Utilities Service	Direct loans and grants for rural water, waste water, and waste disposal.	\$1.38 billion	100%	Competitive grants and direct loans	Counties, cities, tribes, special-purpose districts, non-profit corporations	At least 10% shall be allocated for assistance in persistent poverty counties.
Distance Learning, Telemedicine, & Broadband Program	Rural Utilities Service	Cost of broadband loans and loan guarantees (anywhere in U.S.)	\$2.5 billion	100%	Competitive grants, loans, and loan guarantees	State and local governments and broadband providers	At least 75% of covered area must be rural with insufficient broadband access. If you receive funding under this program, then you may not received funding under the Broadband Technology Opportunities Program. Priority for high proportion of rural residents w/o broadband access/delivers multiple service providers/rural electrification borrowers. No overlap with Broadband Technology Opportunities Program.
Army Corps of Engineers (USACE)							
Civil Works - Investigations	USACE Headquarters	Study new projects	\$25 million	100%	Discretionary allocations	USACE commands	Funded investigations must be completed using stimulus funds.
Civil Works - Construction	USACE Headquarters	Build new projects	\$2 billion	Cannot be cost-shared with Inland Waterway Trust Fund	Discretionary allocations	USACE commands	\$200M for water-related environmental infrastructure assistance. No project cost limitations.
Civil Works - Mississippi River and Tributaries	USACE Headquarters	Flood control	\$375 million	100%	Discretionary allocations	USACE commands	No project cost limitations.
Civil Works - Operations and Maintenance	USACE Headquarters	Operate & maintain projects	\$2.075 billion	100%	Discretionary allocations	USACE commands	\$20M annual Levee Safety Program authorization limit does not apply.

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Commerce (DOC)							
Economic Development Assistance program	Economic Development Administration	Grants to leverage private investment, stimulate employment, increase incomes in economically distressed communities. Includes funds for construction/rehabilitation of public infrastructure.	\$150 million	Typically 50%	Competitive grants	State and local governments, nonprofits, tribes, individuals, and companies	\$50M designated for communities to recover from effects of corporate restructuring, \$50 to be transferred to federally-authorized regional Economic Development Administrations.
Broadband Technology Opportunities Program	National Telecommunications and Information Administration	Competitive grants to expand broadband access.	\$4.7 billion	80%	Competitive grants	States, tribes, nonprofits, broadband service providers and others as determined by the Economic Development Administration to be in public interest	\$200M for public computer center capacity, \$250M for sustainable broadband service, \$350M for broadband map, any amounts deemed necessary by the Secretary of Commerce may transfer funds to the FCC for the development of a national broadband plan.
Department of Defense (DOD)							
Defense Health Programs	Office of the Assistant Secretary for Health Affairs	Funding for improvement, repair, and modernization of military medical facilities, including for energy efficiency improvements	\$400 million	TBD	Discretionary allocations	Military medical facilities	Funding to be distributed as follows: Army: \$220M; Navy: \$50M; Air Force: \$130M
Energy Efficiency Technology & Research	Offices of the Assistant Secretaries for R&D and Acquisition	Funding for Research, Development, Test, & Evaluation projects. Funds are for improvements in energy generation and efficiency, transmission, regulation, storage. For use on military installations and within operational forces.	\$300 million	TBD	Discretionary allocations	DOD contractors, government labs, universities, and nonprofits	Priority on R&D of energy from fuel cells, wind, solar, biofuels and bioenergy. Funding to be distributed equally (\$75M each) to Army, Navy, Air Force and Defense Wide projects.
Facility Infrastructure Investments	Service Installation Commands	Funding for facility sustainment, restoration, and modernization associated with maintaining infrastructure at DOD sites	\$4.24 billion	100%	Discretionary allocations	DOD facilities	Funding distributed as follows: Army: \$1.475B; Navy: \$651M; Marines: \$114M; Air Force: \$1.096B; Army Reserve: \$98.3M; Navy Reserve: \$55M; Marines Reserve: \$40M; Air Force Reserve: \$13.2M; Army National Guard: \$266.3M; Air National Guard: \$25.9M
Department of Education (ED)							
State Fiscal Stabilization Fund	Department of Education	Funding for modernization, renovation, or repair. Includes those that are consistent with a recognized green building rating system.	\$53.6 billion	100%	Formula and competitive grants	States, for distribution of funds to local education agencies, institutions of higher education	\$48.6B distributed by formula grants; \$5B distributed through competitive grants for incentive programs (non-infrastructure); states may use some funds to stabilize state budgets.
Education for the Disadvantaged	Department of Education		\$13 billion	100%	Formula grants	States to make awards to local education agencies	\$3B for school improvement grants
Impact Aid	Department of Education	Emergency repairs and modernization	\$100 million	100%	Formula and competitive grants	Local education agencies that receive Impact Aid	Construction is an allowable use of funds, but not an exclusive use for funds.
Qualified School Construction Bonds		Construction, rehabilitation, or repair of public school facilities or for the acquisition of land on which a public school facility will be constructed	\$22 billion	100%	Tax credit bonds	States and local governments and local education agencies	\$11B allocated for 2009; \$11B allocated for 2010

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Energy (DOE)							
Energy Efficiency & Conservation Block Grants	Office of Energy Efficiency and Renewable Energy (EERE)	Block grants to states	\$3.2 billion	100%	Formula and competitive grants	States, eligible units of local governments, and tribes	\$2.8B through the formula and \$400M through competitive grants
Weatherization Assistance Program	EERE	Funding to states to provide weatherization assistance to low income persons	\$5 billion	100%	Formula grants	States (for allocation to local entities)	Funds intended for low income families.
Grants for manufacturing advanced batteries & components	EERE	Funding to manufacturers of advanced battery systems & vehicle batteries	\$2 billion	TBD	Competitive grants	Manufacturers and others as determined by DOE	Grants must be awarded to manufacturers of batteries produced in the U.S.
Research and Development	EERE	Funding for applied research, development, demonstration and deployment activities.	\$2.5 billion	TBD	Competitive grants	Subject to specific solicitations; may include universities, research institutions, private industry	\$800M for biomass projects and \$400M for geothermal projects; other eligible technologies include wind, hydropower, solar, fuel cell, hydrogen, and advanced vehicle technologies.
State Energy Program	State energy departments	Funding to states for energy conservation plans	\$3.1 billion	100%	Formula grants	As determined by states	Public building improvements and private building codes, incentives, and energy audits.
Smart Grid	Office of Electricity Delivery & Energy Reliability	Electric grid; energy infrastructure reliability/security; energy storage; energy supply disruption recovery	\$4.5 billion	50% for demonstration projects; 20% for investments	Competitive grants	Public and private entities depending on program	\$100M for worker training.
Fossil Energy Research and Development	Office of Fossil Energy	Funds for the development of innovative technologies for clean coal, petroleum coke and other plants of the future.	\$3.4 billion	TBD	Competitive grants	Private entities and research institutions	\$1B for fossil energy research and development programs; \$800K for Clean Coal Power Initiative Round III Funding Opportunity Announcement; \$1.52B for competitive projects relating to carbon capture and energy efficiency improvements; \$50M for geological site characterization.
Innovative Technology Loan Guarantee Program	Department of Energy	Loan guarantees for pollution reduction or new energy technology projects	\$6 billion	100%	Competitive loan guarantees	Public and private entities	Eligible projects include electric power transmission systems, renewable energy systems, biofuel projects.
Power Administrations (PA)	Department of Energy	Funding for increased borrowing authority.	\$6.5 billion	100%	Borrowing authority	Western Area PA, Bonneville PA	\$3.25B to Western Area PA; \$3.25B to Bonneville PA

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Environmental Protection Agency (EPA)							
Brownfields projects	Office of Brownfields and Land Revitalization; Office of Solid Waste and Emergency Response	Funding for assessment, loans, direct clean-up and job training	\$100 million	100%	Competitive grants	States, tribes, local governments, universities, colleges, companies, and other public and private entities	
Diesel Emission Reduction Act grants	Office of Air and Radiation	Funding to reduce diesel vehicle emissions	\$300 million	100%	Project grants	State and local transportation or air quality agencies	No funds provided under this program shall be used to fund the costs of emissions reductions that are mandated under federal, state or local law.
Leaking Underground Storage Tank Trust Fund Program	Office of Underground Storage Tanks; Office of Solid Waste and Emergency Response	Supplemental funding for LUST clean up activities	\$200 million	100%	Formula grants	States and tribes	
State and Tribal Assistance Grants	State Reserve Fund (SRF) administrators	Clean Water State Revolving Funds	\$4 billion	100%	Formula grants to SRFs, and state grants	SRF programs; counties, municipalities, and tribes	Projects must be ready for construction within 12 months. 50% to subsidize loans. 20% for green infrastructure, water or energy efficiency improvements or other environmentally innovative projects.
State and Tribal Assistance Grants	SRF administrators	Capitalization grants under section 1452 of Safe Drinking Water Act	\$2 billion	100%	Formula grants to SRFs, and state grants	SRF programs; counties, municipalities, and tribes	Projects must be ready for construction within 12 months. 50% to subsidize loans. 20% for green infrastructure, water or energy efficiency improvements or other environmentally innovative projects.
General Services Administration (GSA)							
Federal Building Fund	General Services Administration	For construction, upgrades of federal facilities	\$5.55 billion	100%	Discretionary allocations	Federal agencies	\$4.5B to convert GSA facilities to High Performance Green Buildings; \$750M for federal buildings, US courthouses; \$300M for border stations, land ports of entry.
Department of Health and Human Services (HHS)							
Health Resources and Services Administration (HRSA) grants	HRSA	Grants for community health center infrastructure and to address shortages in the health care workforce	\$2.5 billion	TBD	TBD (within 90 days)	Federally qualified Community Health Centers	\$1.5B included for construction, renovation, equipment, and Health Information Technology (HIT).
Health Information Technology (HIT)	Office of the National Coordinator of Health Information Technology	Funding for health information technology to implement electronic medical records systems for private hospitals and physicians, Medicare, and Medicaid. Includes grants to promote HIT, demonstration project to integrate IT into clinical education.	\$19 billion	Up to 90%, but varies by program and year funded	Competitive grants	States and qualified state designated entities	Sec. 3013 provides grants states/qualified state designated entities to promote electronic health information exchange. Sec. 3014 includes grants to States/Tribes for the development of loan programs to facilitate widespread adoption of certified EHR technology. Sec. 3015 provides grants for demonstration projects to integrate IT into clinical education. Specific grant program funding TBD.

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Homeland Security (DHS)							
Firefighter Assistance Grants	Federal Emergency Management Agency (FEMA)	Funding for construction, renovations of non-federal fire stations	\$210 million	100%	Competitive grants	Fire departments	Maximum grant size is \$15M.
Port Security Grants	FEMA	Funding for protection of critical port infrastructure from terrorism	\$150 million	100%	Competitive and discretionary grants	Invited port facilities and port authorities	Applicants must be invited to compete for funds.
Public Transportation & Railroads Security	FEMA	Funding for Public Transportation Security Assistance and Railroad Security Assistance	\$150 million	100%	Grants	State and local entities	
Bridge Program	United States Coast Guard (USCG)	Funding for removal of or modifications to designated highway and railroad bridges that are obstructing navigable waters	\$142 million	100%	Grants	TBD	Priority given to projects identified by as shovel ready by USCG. USCG expected to issue solicitations for work to be performed on the selected bridges; USCG must submit plan for expenditure of funds within 45 days of enactment.
Department of Housing and Urban Development (HUD)							
Community Development Block Grant Program	Formula funds: Office of Community Planning and Development; Non-entitlement funds: States	Grants to address community development needs, including for property acquisition, construction/renovation of public facilities, improvements to water and road infrastructure, energy conservation/renewable energy activities, job creation activities.	\$1 billion	100%	Formula allocations and state competitive grants	States, qualified local jurisdictions, and others at discretion of states or Secretary	Allocated to states and qualified local jurisdictions by formula; entitlement funds may be distributed to additional recipients at discretion of HUD Secretary; non-entitlement funds to be distributed at discretion of states.
Neighborhood Stabilization Program	Office of Community Planning and Development	Grants to assist in purchase and rehabilitation of foreclosed, vacant properties to create affordable housing and reduce neighborhood blight	\$2 billion	100%	Competitive grants	States, local governments, and nonprofits	Recipients to expend at least 50% of funds in two years, 100% within three years.
Department of Interior (DOI)							
Water and Related Resources	Bureau of Reclamation	Grants and loans for water and water related resource activities	\$1 billion	100%	Competitive grants	State agencies, municipalities, and water districts	Minimum of \$126M for authorized water reclamation and reuse projects; \$50M for projects, activities authorized by Central Utah Project Completion Act; \$50M for projects, activities under CA Bay-Delta Restoration Act; minimum of \$60M on rural water projects; minimum of \$10M on inspection of canals program in urbanized areas; loans for extraordinary maintenance and replacement activities to be repayed with interest within 50 years. Priority given to existing BOR projects.

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Justice (DOJ)							
Byrne Justice Assistance Grant Program	Bureau of Justice Assistance	Grants to state and local law enforcement agencies to fight crime and uphold public safety. Funding may be used for law enforcement programs, equipment, facilities, training, and information systems.	\$2 billion	100%	Formula grants	States and local law enforcement agencies	Funding will be distributed according to formula. sec. 1001(c) and the special rules for Puerto Rico under sec. 505(g) of the Omnibus Crime Control and Safe Streets Act of 1968 do not apply.
Byrne Competitive Grants	Bureau of Justice Assistance	Competitive grants to states and local law enforcement agencies for crime prevention programs, mentor programs for at-risk youth, programs to enhance justice and public safety, and for assisting victims of crime.	\$225 million	100%	Competitive grants	State, local, and tribal governments and non-profit agencies.	Funding will be distributed competitively.
Southwest Border/Project Gunrunner	Bureau of Justice Assistance	Competitive grants for programs that combat drug-trafficking and activity along the Southern border of the country.	\$40 million	100%	Competitive grants	State and local governments in the Southern U.S.	Funding will be distributed competitively. \$10M of the \$40M is allocated to the Bureau of Alcohol, Tobacco, Firearms, and Explosives for salaries and expenses related to Project Gunrunner. Includes funding for equipment.
Tribal Law Enforcement Assistance	Bureau of Justice Assistance and the Bureau of Indian Affairs	Competitive grants for Indian and Alaskan native tribes to assist with their law enforcement and public safety needs, according to the Correctional Facilities on Tribal Lands Program.	\$225 million	100%	Competitive grants	State tribes	The following factors are to be considered when allocating grants: the detention bed space needs of the tribe and the violent crime statistics of the tribe.
Internet Crimes Against Children (ICAC) Task Force Program	Office of Juvenile Justice and Delinquency Prevention	Funding to assist state and local law enforcement in their efforts to combat the exploitation of children through the internet or other electronic technology.	\$50 million	100%	TBD	State and local governments and law enforcement agencies	Includes funding to upgrade technology infrastructure for program.
Community Oriented Policing Services (COPS)	Office of Community Oriented Policing Services	Funding for grants to states, local and tribal governments to hire additional law enforcement officers.	\$1 billion	100%	Competitive grants	State, local, and tribal governments	Does not allow for the deduction of administrative overhead costs.
Department of State (DOS)							
Water Quantity Program	International Boundary and Water Commission	Funds for rehabilitation of flood control levees on U.S.-Mexico border	\$220 million	100%	Discretionary allocations	TBD	Funds to be used for immediate infrastructure upgrades identified by the International Boundary and Water Commission in their FY-09 budget as unfunded needs: Rio Grande Flood Control System; Safety of Dams; Colorado Boundary; and Capacity Preservation.

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Transportation (DOT)							
Grants-in-Aid for Airports	Federal Aviation Administration (FAA)	Airport infrastructure grants	\$1.1 billion	100%	Competitive grants	Airports	Complete projects within 2 years. Not subject to obligation limitations.
Facilities and Equipment	FAA	Supplemental funding for facilities and equipment	\$200 million	100%	Competitive grants	Airports and private entities	Complete projects within 2 years. Use of funds: \$50M to upgrade FAA power systems; \$50M to modernize en-route air traffic control centers; \$20M to install navigation and landing equipment, airport lighting; \$80M to replace air traffic control centers.
Highway Infrastructure Investment	Federal Highway Administration (FHWA), state DOTs, and Metropolitan Planning Organizations (MPOs)	Funding for projects eligible under Surface Transportation Program, including federal highways, bridges, trails, surface road projects. Funding also included for passenger & freight rail transportation & port infrastructure projects	\$27.5 billion	100%	Formula allocations and competitive grants	State DOTs and MPOs	Allocated by formula to state DOTs, MPOs, except: \$60M for Ferry Boat Discretionary Program; \$550M for Indian reservations and federal lands; \$310M for Indian Reservation Roads Program; \$170M for Parks Roads and Parkways Program; \$60M for Forest Highways Program; \$10M for Refuge Roads Program/\$20M for training. Funds available through FY10. Complete projects within 3 years.
Capital Grants for Amtrak	Federal Railroad Administration (FRA)	Capital security projects; repair, rehab, and upgrade railroad assets and infrastructure; expand rail passenger service	\$1.3 billion	100%	Grants to Amtrak	Amtrak	\$450M for security projects. Not more than 60% of remaining funds for NE Corridor.
High Speed Rail Corridors/Intercity Passenger Rail Service	FRA	Capital assistance grants	\$8 billion	100%	Competitive grants	States	Funds available through FY12. Priority for supporting development of intercity high speed rail service.
Transit Capital Assistance	Federal Transit Administration (FTA), selected recipients	Transit capital assistance grants (broadly defined)	\$6.9 billion	100%	Formula allocations	State DOTs and transit agencies	\$100M to public transit agencies to reduce energy consumption of greenhouse gas emissions.
Fixed Guideway Infrastructure Investment	FTA, selected recipients	Capital grants to modernize existing fixed guideway systems	\$750 million	100%	Formula allocations	State DOTs and transit agencies	Funds available through FY10.
Capital Investment Grants	FTA	Major new fixed guideway capital projects	\$750 million	100%	Competitive grants	State DOTs and transit agencies	Funds available through FY10.
Supplemental Grant Assistance to Small Shipyards	Maritime Administration	Grants to qualified shipyards	\$100 million	75%	Competitive grants	Qualified shipyards	Funds available through FY10. Obligate within 180 days.
National Surface Transportation System Grants	Office of the Secretary	Funding for projects of national or regional significance. Includes funds for highway or bridge projects under 23 USC, public transportation projects under 49 USC, passenger and freight rail projects, and port infrastructure investments	\$1.5 billion	100%	Competitive grants	States, local governments, and transit agencies	Grant size \$20M-\$300M, may be smaller for smaller entities, at discretion of Secretary. No state can get more than 20% of funds. Complete projects within 3 years. Award within 1 year. Up to \$200M can be used for credit subsidy.

Stimulus Infrastructure Programs in the American Recovery and Reinvestment Act of 2009 (P.L. 111-5)

Program Name	Where to apply	Program Description	Amount	Federal Cost Share	Funding Type	Who's Eligible	Project Priorities/Other
Department of Veterans Affairs (VA)							
Information Technology Systems	Office of Veterans Benefits Administration	Funds for information technology systems	\$50 million	TBD	Grants	IT companies	
Medical Facilities	Office of Veterans Health Administration	Funding for existing maintenance projects	\$1 billion	N/A	Discretionary to VA facilities	VA medical facilities	Priority to be on energy projects at facilities.
State Extended Care Facilities	Office of Veterans Health Administration	Funding for construction, modification of state extended care facilities	\$150 million	N/A	Grants	States
