

Rule 34. Production of documents, electronically stored information, and things and entry upon land for inspection and other purposes

(A) Scope. Any party may serve on any other party a request:

- (1) to produce and permit the party making the request, or someone acting on the requester's behalf, to inspect and copy, any designated documents or electronically stored information (including, without limitation, writings, drawings, graphs, charts, photographs, sound recordings, images and other data or data compilations from which information can be obtained, translated, if necessary, by the respondent into reasonably usable form,) or to inspect and copy, test, or sample any designated tangible things which constitute or contain matters within the scope of Rule 26(B) and which are in the possession, custody or control of the party upon whom the request is served; or
- (2) to permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property or any designated object or operation thereon, within the scope of Rule 26(B)

(B) Procedure. The request may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party. The request shall set forth the items to be inspected either by individual item or by category, and describe each item and category with reasonable particularity. The request may specify the form or forms in which electronically stored information is to be produced. The request shall specify a reasonable time, place, and manner of making the inspection and performing the related acts. Service is dispensed with if the whereabouts of the parties is unknown.

The party upon whom the request is served shall serve a written response within a period designated in the request, not less than thirty [30] days after the service thereof or within such shorter or longer time as the court may allow. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless it is objected to, including an objection to the requested form or forms for producing electronically stored information, stating in which event the reasons for objection shall be stated. If objection is made to part of an item or category, the part shall be specified. If objection is made to the requested form or forms for producing electronically stored information – or if no form was specified in the request – the responding party must state the form or forms it intends to use. The party submitting the request may move for an order under Rule 37(A) with respect to any objection to or other failure to respond to the request or any part thereof, or any failure to permit inspection as requested.

Unless the parties otherwise agree, or the court otherwise orders, a party who produces documents for inspection shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the request.

If a request for electronically stored information does not specify the form or forms of production, a responding party must produce the information in a form or forms in which it is ordinarily maintained or in a form or forms that are reasonably usable.

A party need not produce the same electronically stored information in more than one form.

(C) Application to Non parties:

- (1) A witness or person other than a party may be requested to produce or permit the matters allowed by subsection (A) of this rule. Such request shall be served upon other parties and included in or with a subpoena served upon such witness or person.
- (2) Neither a request nor subpoena to produce or permit as permitted by this rule shall be served upon a non-party until at least fifteen (15) days after the date on which the party intending to serve such request or subpoena serves a copy of the proposed request and subpoena on all other parties. Provided, however, that if such request or subpoena relates to a matter set for hearing within such fifteen (15) day period or arises out of a *bona fide* emergency, such request or subpoena may be served upon a non-party one (1) day after receipt of the proposed request or subpoena by all other parties.
- (3) The request shall contain the matter provided in subsection (B) of this rule. It shall also state that the witness or person to whom it is directed is entitled to security against damages or payment of damages resulting from such request and may respond to such request by submitting to its terms, by proposing different terms, by objecting specifically or generally to the request by serving a written response to the party making the request within thirty (30) days, or by moving to quash as permitted by Rule 45(B). Any party, or any witness or person upon whom the request properly is made may respond to the request as provided in subsection (B) of this rule. If the response of the witness or person to whom it is directed is unfavorable, if he moves to quash, if he refuses to cooperate after responding or fails to respond, or if he objects, the party making the request may move for an order under Rule 37(A) with respect to any such response or objection. In granting an order under this subsection and Rule 37(A)(2) the court shall condition relief upon the prepayment of damages to be proximately incurred by the witness or person to whom the request is directed or require an adequate surety bond or other indemnity conditioned against such damages. Such damages shall include reasonable attorneys' fees incurred in reasonable resistance and in establishing such threatened damage or damages.
- (4) A party receiving documents from a non-party pursuant to this provision shall serve copies on all other parties within fifteen (15) days of receiving the documents. If the documents are voluminous and service of a complete set of copies is burdensome, the receiving party shall notify all parties within fifteen (15) days of receiving the documents that the documents are available for inspection at the location of their production by the non-party, or at another location agreed to by the parties. The parties shall agree to arrangements for copying, and any party desiring copies shall bear the cost of reproducing them.

(D) Exception to best evidence rule. When a party or witness in control of a writing or document subject to examination under this rule or Rule 9.2(E) refuses or is unable to produce it, evidence thereof shall be allowed by other parties without compliance with the rule of evidence requiring production of the original document or writing as best evidence.
