Welcome to the Fall 2015 edition of *Environmental Policy Quarterly*, published jointly by the Environmental, Land and Natural Resources Practice Group and the Public Policy and Law Practice Group of K&L Gates. Environmental Policy Quarterly highlights significant developments and issues of public policy relating to the environment and natural resources in the United States and globally.

This edition focuses on (1) EPA's Carbon Pollution Standards and Clean Power Plan, (2) congressional efforts to streamline environmental reviews of infrastructure projects, and (3) EPA's draft Assessment on the Potential Impact of Hydraulic Fracturing on Drinking Water Resources. We are delighted to include contributions by a number of K&L Gates lawyers who focus on these matters on a daily basis.

We hope you find this edition of *Environmental Policy Quarterly* of interest, and we welcome your feedback.
