In light of the economic uncertainty triggered by COVID-19 related events, many businesses are looking to access Government stimulus packages. As events continue to move quickly, and the incentives and eligibility requirements vary across jurisdictions, the challenges in identifying and taking timely advantage of all available opportunities is intensifying.

Focusing solely on tax related measures, this guide provides a high level summary of the key incentives that are presently on offer at a Federal, State and Territory level.

While **this guide** provides high level information, it is not a substitute for advice on specific matters. This is particularly important at the present time as the incentives and eligibility requirements can change quickly and without notice.
