OVERVIEW

Noorean Gill is a member of the Technology Transactions practice group. Her work focuses on intellectual property and technology related transactions and counseling, including services agreements (e.g., for professional services, cloud services, and transportation services), software as a service (SaaS) agreements, software license agreements, patent license agreements, patent assignment agreements, non-disclosure agreements, independent contractor agreements, co-manufacturing agreements, collaboration agreements, player agreements, influencer agreements, and sponsorship agreements. Noorean also drafts terms of use and privacy policies and provides IP due diligence support on M&A deals.

PROFESSIONAL BACKGROUND

Noorean is a registered patent attorney with prior experience prosecuting patents related to consumer products, sporting goods, medical devices, and technologies in the automotive, transportation, and construction industries. Prior to joining the firm, Noorean served as an associate at an intellectual property and technology law firm where she managed patent portfolios, drafted utility and design patent applications, prosecuted domestic and international utility and design patent applications, and conducted patentability and infringement risk analyses.
