OVERVIEW

Lucile Rolinet is an associate within the Paris office IP/IT/privacy team. She assists clients in all related matters involving information technology, intellectual property and data protection, notably for industries including, media and telecommunications, e-Commerce, advertising, banking, virtual currencies and payments, online services and luxury.

She advises French and international clients on issues relating to:

- Implementation and compliance with the General Data Protection Regulation (“GDPR”): (compliance audits, drafting of Data Protection Addendum, Privacy Impact Assessment, Drafting of privacy policy, and data retention policy, etc.);
- Drafting and negotiation of commercial and IT contracts (licensing outsourcing, SaaS, integration, cloud) and technology transfers;
- Intellectual property (copyrights, trademarks, designs, domain names, trade secrets), unfair competition, commercial and consumer law.

PROFESSIONAL BACKGROUND

Lucile was admitted to the New York Bar in 2018. Prior to join K&L Gates, she worked for a startup in the Silicon Valley and then worked in an international law firm in San Francisco to develop their business. She also worked for a French law firm based in Paris specialized in Information technology law and media and e-commerce law.
